SIR FREDERIC OSBORN SCHOOL

DATA PROTECTION POLICY

Purpose

The purpose of this policy is to communicate how we ensure that personal data held by the school is managed effectively.

1. To function properly the school needs to collect and use certain types of information about staff, students and other individuals who come into contact with the school. We are also obliged to collect and use data to fulfil our obligations to the Local Authority (LA), Department for Education (DfE) and other bodies. This personal information must be dealt with properly however it is collected, recorded and used – whether on paper, in a computer, or recorded on other material - and there are safeguards to ensure this in the Data Protection Act 1998.

2. We regard the lawful and correct treatment of personal information as very important to successful operations, and to maintaining confidence between those with whom we deal and ourselves. We ensure that our organisation treats personal information lawfully and correctly.

3. To this end we fully endorse and adhere to the Principles of Data Protection, as detailed in the Data Protection Act 1998.

Specifically, the Principles require that personal information:

- shall be processed fairly and lawfully and, in particular, shall not be processed unless specific conditions are met
- shall be obtained only for one or more specified and lawful purposes, and shall not be further processed in any manner incompatible with that purpose or those purposes
- shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed
- shall be accurate and, where necessary, kept up to date
- shall not be kept for longer than is necessary for that purpose or those purposes
- shall be processed in accordance with the rights of data subjects under the Act
- appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data
- shall not be transferred to a country or territory outside the European Economic Area unless that country or territory ensures an adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data

4. Within school we will, through appropriate management, apply strict criteria to control data:

- observe fully conditions regarding the fair collection and use of information
- meet legal obligations to specify the purposes for which information is used
- collect and process appropriate information, and only to the extent that it is needed to fulfil operational needs or to comply with any legal requirements
- ensure the quality of information used
- apply strict checks to determine the length of time information is held
- ensure that the rights of people about whom information is held, can be fully exercised under the Act. (These include: the right to be informed that processing is being undertaken, the right of access to one's personal information, the right to prevent processing in certain circumstances and the right to correct, rectify, block or erase information which is regarded as wrong information).

SIR FREDERIC OSBORN SCHOOL

- take appropriate technical and organisational security measures to safeguard personal information
- ensure that personal information is not transferred abroad without suitable safeguards
- treat people justly and fairly whatever their age, religion, disability, gender, sexual orientation or ethnicity when dealing with requests for information
- set out clear procedures for responding to requests for information

5. We will also ensure that:

- there is someone with specific responsibility for Data Protection within the school (Office Manager/Business Manager)
- everyone managing and handling personal information understands that they are contractually responsible for following good data protection practice
- everyone managing and handling personal information is appropriately trained to do so
- everyone managing and handling personal information is appropriately supervised
- anybody wanting to make enquiries about handling personal information knows what to do
- queries about handling personal information are promptly and courteously dealt with
- methods of handling personal information are clearly described
- a regular review and audit is made of the way personal information is held, managed and used
- methods of handling personal information are regularly assessed and evaluated
- performance with handling personal information is regularly assessed and evaluated
- a breach of the rules and procedures identified in this policy may lead to disciplinary action being taken against the members of staff concerned

6. Students, as data subjects, have certain rights under the Data Protection Act, including a general right of access to personal data held on them, with parents exercising this right on their behalf if they are too young to do so themselves. If parents want to request to access the personal data held about their child, they should contact the school in writing. A request from any data subject will be considered as a Subject Access Request and the school will respond within the required 40-day deadline.

7. This policy will be updated as necessary to reflect best practice in data management, security and control and to ensure compliance with any changes or amendments made to the Data Protection Act 1998. This policy should be read in conjunction with the Freedom of Information Act Policy and IT E Safety Policy. In case of any queries or questions in relation to this policy please contact Patricia Diop.
